

## MICROSCOPES

### BIOLOGICAL MICROSCOPE, LED LIGHTING, RECHARGEABLE BATTERIES, WOODEN STORAGE CASE

Robust, lightweight and powered by rechargeable batteries. Ideal for field use. In the lab it can be powered by the rechargeable batteries, from the included mains adapter or a combination of both.

**Unfortunately we have very limited stock of this microscope so do not delay.**

**Features:**

- Magnification of 40x, 100x and 400x.
- Inclined 360° rotatable head
- Wide-field 10 times eyepiece (WF10x)
- 4x, 10x and 40x objectives
- Coarse and fine focusing
- Rotating diaphragm
- LED lighting
- Fully charged batteries will power the LED lighting for at least 24 hours.
- Includes wooden storage box

**MM-LED400x \$225**

### MONOCULAR MICROSCOPE, LED LIGHTING, RECHARGEABLE BATTERIES

**Features as above for MM-LED400x PLUS:**

- 45° inclined 360° rotatable head
- Wide-field 10 times eyepiece (WF10x) with pointer
- 4x, 10x and 40x objectives, the 40x objective is spring loaded
- Fixed NA0.65 condenser
- Iris diaphragm

**MMLED \$285 or \$250 each for 5+**

### STEREO MICROSCOPE, LED LIGHTING, RECHARGEABLE BATTERIES

High quality stereo microscope suitable for both junior and senior students. Ideal for field use when powered by the included rechargeable batteries. In the lab it can be powered by the rechargeable batteries, mains power or a combination of both.

**Features:**

- 45° inclined 360° rotatable head
- Ten times wide field eyepieces (WF10x)
- 2x and 4x rotating objectives
- LED lighting, both top (incident) and bottom (transmitted) illumination.
- Fully charged batteries will power the LED lighting for at least 10 hours
- Extremely safe using the batteries when working with wet samples.
- LED lighting produces very little heat when working with sensitive or living specimens

**MS24LED \$346 or \$324 each for 6+**

### TRINOCULAR MICROSCOPE, LED LIGHTING, RECHARGEABLE BATTERIES, 5 MEGA PIXEL CAMERA

Unlike cheaper microscopes it includes high quality planar objectives that give a flat field of view ensuring the entire viewable area is in focus. LED lighting powered by the included rechargeable batteries or mains adapter.

**Features:**

- 5 MP camera
- Co-axial coarse and fine focus
- Dual layer ball bearing co-axial stage
- Variable LED lighting for the correct lighting regardless of the specimen
- 45° inclined 360° rotatable head
- Wide-field 10 times eyepiece (WF10x) with pointer
- 4x, 10x and 40x objectives
- Abbe condenser
- Iris

**B204T-5M \$1155 LIMITED STOCK**

## DIGITAL MICROSCOPES

### USB DIGITAL MICROSCOPE with PROFESSIONAL STAND - 5 MP

A USB microscope for Windows or Mac computers with an incredibly useful stand that allows you to make fine vertical height adjustments and swivel the scope through 360 degrees.

Easily removed from the stand when needed for hand-held use. Complete with stage clips and printed ruler. The optics built into this microscope are excellent. The sharpness of texture on magnified objects is incredible.

It comes with a great piece of software for capturing 5MP (2592x1944) resolution JPG, BMP, TIF or PNG and 1280x960 pixel AVI files.

**SC5135 \$155 or \$145 each for 5+**

### MICROVUE FAST USB3 DIGITAL MICROSCOPE WITH 8 MEGA PIXEL CAMERA

MicroVue delivers outstanding colour reproduction and precise detail for a variety of applications. The fast USB3.0 connection guarantees high frame rate delivery with no lag to make focusing easy even when capturing moving objects.

MicroVue is the ultimate professional grade digital microscope with an unbeatable price-performance ratio and is the fastest and best resolution camera that we know of.

**SC3110 \$165**

## MICROSCOPE SLIDE SETS

### Microscope Slide Set of 10 Anatomy Slides plus Blanks

A set of ten prepared microscope slides plus 5 blank microscope slides and 5 cover slips. Supplied in a sturdy plastic case with a squeeze-to-release lid, approximate overall plastic case size is: 83 x 69 x 35mm, weight 135g. Packed in a cardboard box.

**SC92038 \$26**

SC92038

### Microscope Slide Set of 20 Mixed Slides plus 40 Blanks

A set of 20 prepared microscope slides covering anatomy, zoology, biology and botany. Supplied in a sturdy plastic case with a squeeze-to-release lid, approximate overall plastic case size is: 85 x 70 x 35mm, weight 160g. Packed with the prepared slides is a cardboard box with 40 blank slides and cover slips.

**SC92040 \$45**

SC92041

### Microscope Slide Set of 25 Botany Slides

A set of 25 prepared microscope slides for use in botany and perhaps zoology. Supplied in a sturdy plastic case with a squeeze-to-release lid, approximate overall plastic case size is: 112 x 93 x 35mm, weight 135g. Packed in a cardboard box for shipping.

**SC92041 \$65**

SC92030

### Microscope Slide Set of 80 Anatomy Biology Botany Chemistry Zoology Slides

A set of 80 prepared microscope slides plus 25 blank slides and cover slips. This general purpose set covers Anatomy, Biology, Botany, Chemistry and Zoology making it ideal for laboratory, classroom and home use. Supplied in a sturdy plastic case with a squeeze-to-release lid.

**SC92042 \$115 LIMITED STOCK**

### Microscope Slide Set of 110 Botany Slides

A set of 110 prepared microscope slides for use in Botany. The set has eight different slides supplied in quantities of 5 or 15. The large quantity of each slide makes this Botany microscope slide set ideal for classroom use. Supplied in a sturdy plastic case.

**SC92030 \$160 LIMITED STOCK**
